DETAILED ACTION

Claims 1-2, 6, 8-10, 41-52 and 55-57 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest the claimed invention. Specifically, the prior art of record fails to teach or suggest allowing a developer to review the enhanced software application design UML model, and then repeating the steps of reading the UML model and server design patterns, and enhancing the UML model, so as to refine the software application design UML model, as recited in the independent claims.

The prior art of record, **Goodwin** et al. (USPN 6,199,195), disclosed UML modeling for application design as previously indicated. However, **Goodwin** failed to disclose the independent claims as recited, including model refinement as now claimed as acknowledged in Applicant's response of 02 December 2005, page 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
